1. Before you ask – the landlord is putting in a door on the Geek Squad side of the building. We do not have any AC so this will give us some cross ventilation and we will probably need to couple of fans to make this work (if the days are warm). Door has been ordered from Seattle and they estimate it will be installed at the end of next week which is the 17<sup>th</sup> or 18<sup>th</sup> of June.
2. We need to get more of our directors directing again. I will be glad to assist any director who wants to familiarize themselves with the computer again. I am going to call several of them and let them know. Kathy Centoni's injury certainly made this need very apparent.
3. Focus of tonight's meeting is the tournament.
  - A. Brenda has people signed up to play with Tom Breed for \_\_\_\_\_ OF THE \_\_\_\_\_ AVAILABLE SESSIONS. Poster is going up tonight for the two classes Tom will be teaching.
  - B. I will get a sanction for the Monday night Pairs – Fish Barbeque before the tournament.
4. Discussion of WW Tournament using wrong boards on Friday Night.
